HISTORY OF THE HYATT NATIONAL RIESLING CHALLENGE

The concept of the Riesling Challenge came from Ken Helm, a pioneer Canberra winemaker with a passion for Riesling. The idea was launched in 1999 by Senator David Brownhill, later the Chair of the Australian Wine and Brandy Corporation, at the Murrumbateman Cool Climate Wine Show. The concept was further developed by Ken with the Hyatt Hotel Canberra (the major sponsor) and a group of Canberra businesses, together with the ACT Government. Wolf Blass accepted an invitation to be chairman of judges. He held that position for six years, introduced the Wolf Blass Award, became a major sponsor, member of the committee and is now the International Ambassador for the Canberra International Riesling Challenge. Ken Helm was elected Chairman and from that position has guided development over the last eight years.

The inaugural event in October 2000, at the Hyatt Hotel Canberra, attracted 137 entries from 81 wineries across Australia. The winner received a trip to Germany flying Qantas and five nights at the Hyatt Hotel Mainz on the Rhineland. Kate Carnell, ACT Chief Minister at that time, committed the ACT Government as a major sponsor and a Trophy for the Best Canberra District Riesling – the Chief Minister's Trophy. This commitment has continued, and expanded by subsequent ACT Governments. Sponsorship from ActewAGL, Australia Post, the Wolf Blass Foundation, Audi Australia Pty Ltd, Lallemand and many other businesses has followed.

The purpose of the Hyatt National Riesling Challenge is to develop the profile, quality, and innovation in winemaking of Riesling wine styles and promote them to the world. Judges are selected from winemakers, wine merchants and media, in Australia and internationally. Charles Sturt University, and in particular Professor Geoff Scollary, supports the event by providing stewards for the judging, and staging Riesling seminars for winemakers during the event.

The 2002 Riesling Challenge was expanded to include New Zealand Rieslings. A part-time secretary was employed. In 2003 the Wolf Blass Award was introduced *to recognise a person or innovation that has made a major contribution to the development and promotion of Riesling*.

In 2004 the then German Ambassador to Australia, Dr Klaus-Peter Klaiber, offered a perpetual trophy for the best German Riesling (now the Best European Trophy) and 21 German wines were imported for a comparative tasting.

In 2005, the 6th Challenge became the first international event with 338 entries from Australia, New Zealand, the United States of America, Germany and Canada. Commencing that year, the Top Ten Rieslings from each country are selected and may use a bottle sticker produced by the Canberra International Riesling Challenge and verified by the Winemakers Federation of Australia.

Louisa Rose, Chief Winemaker of Yalumba, was appointed Chairman of Judges for three years. In 2006, the 7th Challenge attracted 458 entries with South Africa, France, Austria and the Czech Republic joining previous countries with entries, making it the largest event of its kind in the Southern Hemisphere.

In 2007, the 8th Challenge has set a new record with 249 wineries entering 486 wines from six countries. These will be judged for the new trophy – The Best Riesling in the World.

RESULTS

SOUTHERN HEMISPHERE

CLASS S1 Current Vintage 2007: Dry

Judging Temp: 19.2

A very strong class of wines reflecting what was a great vintage for Riesling. Top wines were a great and diverse collection of styles that showed the range of flavour Riesling can be. Good to see much fewer faulty wines than in the past.

CLASS S2 Current Vintage 2007: Semi Dry**Judging Temp: 18.2**

Generally a disappointing class of plain wines. Many showed excess phenolics and unripe green flavours. However, there were less problem ferment characters than seen in past years. The top wine had fine ferment characters with lovely freshness and a long pure palate.

CLASS S4 Open Class 2005 and 2006: Dry

Judging Temp: 19.1

This can be a difficult time for Rieslings and many wines showed flat fruit – lost freshness but still not any toasty development. Top wines were in a great range of styles from the really fine and elegant to more rich and complex. All these wines still had freshness and vibrancy.

CLASS S5 Open Class 2005 and 2006: Semi Dry**Judging Temp: 18.2**

A disappointing class with many wines showing excess phenolics and unripe green flavours. Less ferment problems than seen in previous years. The top wine was lovely and succulent with really defined varietal fruit characters.

This was noted by a number of the judges as being one of the strongest classes they had ever seen. A real testament to Riesling and particularly the makers who are now committing the resources and money to holding their wines back.

NORTHERN HEMISPHERE**European Class N1 Current Vintage 2006: Dry****Judging Temp: 18.1**

A variable class with many wines showing dirty botrytis characters and hard finishes. The top wines were pure and fine with both ripe fruit and vibrant balanced acid.
