In recognition of his outstanding winemaking contribution and setting the highest standards in the development of Riesling, particularly in Tasmania.

HISTORY OF THE CANBERRA INTERNATIONAL RIESLING CHALLENGE

The Canberra International Riesling Challenge agenda is to develop the profile, quality, and innovation in winemaking of Riesling wine styles and promote them to the World.

The concept of the Riesling Challenge came from Ken Helm, a pioneer Canberra winemaker with a passion for Riesling. The idea was launched in 1999 by Senator David Brownhill, later the Chair of the Australian Wine and Brandy Corporation, at the Murrumbateman Cool Climate Wine Show. The concept was further developed by Ken, with the Hyatt Hotel Canberra (the major sponsor) and a group of Canberra businesses, together with the ACT Government. Wolf Blass accepted an invitation to be chairman of judges. He held that position for six years, introduced the Wolf Blass Award, became a major sponsor, member of the committee and is now the International Ambassador for the Canberra International Riesling Challenge. Ken Helm was elected Chairman and from that position has guided development over the last ten years.

The inaugural event in October 2000 at the Hyatt Hotel Canberra attracted 137 entries from across Australia. In 2002 entries were sought from New Zealand, and in 2003 the Wolf Blass Award was included to recognise a person or innovation that has made a major contribution to the development and promotion of Riesling.

In 2004 the then German Ambassador, Dr Klaus Peter Klaiber, offered a Perpetual Trophy for the Best German Wine and organised a comparative tasting of 21 German wines. This was so successful that in 2005 the event became the Canberra International Riesling Challenge, and has since attracted increasing numbers of wines from the Riesling producers across the world. In 2006 Louisa Rose, chief winemaker at Yalumba Wines South Australia, became Chair of Judges for three years.

2008 saw the introduction of judging on a regional level, which showcased the individual characteristics unique to the wine's location in the world. The Challenge attracted 512 entries from Australia, Germany, New Zealand, the USA, South Africa and Austria. It has become an internationally-recognised wine event, making it the largest event of its kind in the Southern Hemisphere.

This year marks the 10th anniversary and again, received record numbers with 550 entries from 10 countries. A new initiative this year is the introduction of Associate Judges, to train them in the appreciation of world Rieslings. Judging took place in a larger area at the Albert Hall, adjacent to the Hyatt Hotel Canberra. This year a trophy was presented to the ACT Government in appreciation of the support the Government has given over the years. David O'Leary, chief winemaker from O'Leary Walker Wines began his three years as chair of the high-profile judging panel.

We thank the continued support of the judges, exhibitors, the ACT Government, our sponsors, Canberra's embassies and high commissions, for making this event such an international success.

Comments from Chairman of Judges, David O’Leary

The 10th Canberra International Riesling Challenge was a milestone in many respects, most importantly the quality of the wine presented. The results again have demonstrated the versatility of this great variety with tremendous examples of sweet and dry styles.

Again, we judged wines by region which meant wines were judged in smaller groups. This is ideal for judging. Much time was taken over the various small classes and it was evident that the best wines came through.

The overall results show that the northern hemisphere produces some outstanding sweeter styles, with purity and balance the hallmarks of many. The 2009 vintage in the southern hemisphere proved to be one of the better vintages for some time and will no doubt advance the popularity of this great variety. The top wines all showed wonderful varietal character and expressions of regionality.
