(Class C 6/1)

Shaw Vineyard Estate and De Vine @ Kamberra Canberra District Prize

Shaw Vineyard Estate, 2008 Shaw Vineyard Estate Semi-Sweet Riesling (Class F 2/3)

HISTORY OF THE HYATT NATIONAL RIESLING CHALLENGE

The concept of the Riesling Challenge came from Ken Helm, a pioneer Canberra winemaker with a passion for Riesling. The idea was launched in 1999 by Senator David Brownhill, later the Chair of the Australian Wine and Brandy Corporation, at the Murrumbateman Cool Climate Wine Show. The concept was further developed by Ken with the Hyatt Hotel Canberra (the major sponsor) and a group of Canberra businesses, together with the ACT Government. Wolf Blass accepted an invitation to be chairman of judges. He held that position for six years, introduced the Wolf Blass Award, became a major sponsor, member of the committee and is now the International Ambassador for the Canberra International Riesling Challenge. Ken Helm was elected Chairman and from that position has guided development over the last eight years.

The inaugural event in October 2000, at the Hyatt Hotel Canberra, attracted 137 entries from 81 wineries across Australia. The winner received a trip to Germany flying Qantas and five nights at the Hyatt Hotel Mainz on the Rhineland. Kate Carnell, ACT Chief Minister at that time, committed the ACT Government as a major sponsor and a Trophy for the Best Canberra District Riesling – the Chief Minister's Trophy. This commitment has continued, and expanded by subsequent ACT Governments. Sponsorship from ActewAGL, Australia Post, the Wolf Blass Foundation, Audi Australia Pty Ltd, Lallemand and many other businesses has followed.

The purpose of the Hyatt National Riesling Challenge is to develop the profile, quality, and innovation in winemaking of Riesling wine styles and promote them to the world. Judges are selected from winemakers, wine merchants and media, in Australia and internationally. One of our greatest supporters and most important people is our Chief Steward, Corey Baker from Tasmania, who does an excellent job in getting the wines in front of the judges, with the assistance of the hard-working stewards provided by Charles Sturt University and the National Wine and Grape Industry Centre, and in particular the Director, Professor Thomas Henick-Kling. The National Wine and Grape Industry Centre also assists in staging Riesling seminars for winemakers during the event. .

The 2002 Riesling Challenge was expanded to include New Zealand Rieslings. A part-time secretary was employed. In 2003 the Wolf Blass Award was introduced *to recognise a person or innovation that has made a major contribution to the development and promotion of Riesling.*

In 2004 the then German Ambassador to Australia, Dr Klaus-Peter Klaiber, offered a perpetual trophy for the best German Riesling (now the Best European Trophy) and 21 German wines were imported for a comparative tasting.

In 2005, the 6th Challenge became the first international event with 338 entries from Australia, New Zealand, the United States of America, Germany and Canada. Commencing that year, the Top Ten Rieslings from each country are selected and may use a bottle sticker produced by the Canberra International Riesling Challenge and verified by the Winemakers Federation of Australia.

Louisa Rose, Chief Winemaker of Yalumba, was appointed Chairman of Judges for three years. In 2006, the 7th Challenge attracted 458 entries with South Africa, France, Austria and the Czech Republic joining previous countries with entries, making it the largest event of its kind in the Southern Hemisphere.

In 2007, the 8th Challenge set another new record with 249 wineries entering 486 wines from six countries. These were judged for a new trophy – The Best Riesling in the World.

2008 eclipsed all previous records with 512 entries from six countries. 2008 also sees the introduction of judging the wines by region; Louisa Rose completes her three year term as Chairman of Judges and next year David O'Leary from O'Leary Walker Wines will take on this task; and Trish Burgess, our Administrator, leaves at the end of the year after steering us through five Challenges.

14 -18 October 2008

Comments from Chairman of Judges, Louisa Rose

This year we have seen another strong showing of Riesling wines from around the country and indeed the world. The judging and the results have again highlighted the immense versatility of the Riesling variety which produces top quality wines that can be young or old, sweet or dry, higher or lower in alcohol and of course everything in between. Surely there is no other variety that can do so much so well?

Judging the wines by region meant that the wines were assessed in smaller groups, amongst wines of similar pedigree, and in an environment where the different styles and flavours could be most appreciated. In some cases strong regional characteristics were observed, in others this was not the case. Certainly this method of judging has led to the top awards coming from a many regions and countries.

From the results you will see that the Northern hemisphere would seem to have the upper hand with the sweeter styles of wines, while the Southern hemisphere – particularly Australia is leading the way with the drier styles – although of course there are stunning examples of exceptions to both!

The overall quality of the wines judged gets better in this competition each year, with less and less faulty wines seen. The high percentage of awards (56% overall with 5% gold) from this year's competition is a testament to this. It was particularly encouraging to see so many awards coming from North America this year. Non-award winning wines mostly lacked either fruit intensity or balance and integration. Top award winners cover a range of styles and flavour profiles, but all describe at least one facet of Riesling in a near perfect way.
